It was suggested to show enthusiasm in using the dealer for service and tell them about the experience, whether good or bad, so the service manager will know the club is using the service department and if there is an issue to bring it to his attention. Past experiences with previous owners is still lingering in the community, it is up to us to thwart that and provide positive feedback and praise to enhance the relationship. There is no threat to sponsorship, but there is a mutual arrangement and the club needs to be conscious about when discussing SV Chevrolet.
